Project Name	Student Enrollment & Course Management
Maximum Marks	2 Marks

Customer Journey Map

The customer journey begins with student registration, followed by course selection and enrollment. The student then submits the enrollment request, completes fee payment, waits for approval, receives instructor assignment, and finally receives reports and enrollment completion updates. At each stage, the system identifies the student's actions, touchpoints, thoughts, feelings, process ownership, and opportunities for improvement.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions	• Waits for enrollment approval • Checks enrollment status • Receives confirmation	• Views available courses • Selects a course • Submits enrollment request	• Waits for enrollment approval • Checks enrollment status • Receives confirmation
Touchpoint	• Student registration form • Salesforce application	• Course page • Enrollment form	• Approval process • Email notification

Customer Thought	• Wants easy registration • Wants to enter details correctly	• Wants to select a suitable course • Wants quick enrollment	• Wants quick approval • Wants to know enrollment status
Customer Feeling	• Wants easy registration • Wants to enter details correctly	• Confident • Expecting confirmation	• Waiting • Happy after confirmation
• Process Ownership	• Enrollment Officer • Administrator	• Enrollment Officer • Administrator	• Training Manager • Administrator
Opportunities	• Make registration simple • Reduce data entry errors	• Provide clear course details • Automate enrollment processing	• Automate approval process • Send automatic notifications
